Faris Rohman

Summary

Informatics Engineering student at Pasundan University with a specialization in frontend development. My hands-on experience includes building responsive web interfaces from the ground up, gained through dedicated work on personal and academic projects. I am seeking to apply my problem-solving abilities and frontend skills, ready to contribute to team goals and rapidly expand my knowledge base.

Education

Pasundan University **October 2022 - Present**
Informatics Engineering Faculty of Engineering
3.55 GPA

Projects

Personal Portfolio Website **Jul 2025 - Present**
Built a personal website using Next.js, TypeScript, and Tailwind CSS to showcase my projects and skills.
